

Whether you are new to Project Management or you are an experienced veteran of the industry, membership in Project Management Institute makes you stand out from the crowd. PMI membership signifies that you are:

- Dedicated to best practices in project management
- Committed to successful results
- Enthusiastic about quality, productivity and return on investment

PMI membership indicates your professional values and aspirations. It also provides tangible benefits that include: members-only services and discounts, complimentary publications, continuing education opportunities and more. Please visit the [PMI Global Web site](#) for more information on the great benefit of membership in PMI. Below are just a few of the many benefits open to you as a member of PMI and the local Phoenix Chapter:

- **New Member Orientation** sessions are 30 minute sessions available prior to the chapter monthly dinner meetings in both the [North Valley](#) and [South Valley](#). Topics are: background chapter information, events overview and volunteer opportunities

- **Monthly Evening Chapter Meetings** allow members to meet every month with Chapter leadership and network with fellow professionals. Each meeting provides certified Project Management Professionals (PMPs) with PDU opportunities through presentations by featured speakers who discuss current Project Management related issues

- **Breakfast Meetings** provide an informal discussion forum for project managers to address project concerns and solicit ideas from other project managers in the Valley. Some meetings also offer the opportunity for PMPs to receive additional PDUs

- [Biltmore](#)
- [Scottsdale](#)
- [Northwest Valley](#)
- [Southeast Valley](#)

- Professional Development activities provide for professional growth and development within the Project Management industry (including the exploration of benefits from formal certification by the Project Management Institute)

- [PMI Publications and eLibrary Access](#) allows members to share the vast knowledge

base of the Project Management discipline with over 240,000 colleagues worldwide

- [Conferences and Seminars](#) presented by PMI and the Chapter are designed to deliver practical Project Management ideas and methods for building management and leadership skills
- [Communities of Practice \(CoP\)](#) focus on the practice of Project Management within specific interest areas, such as IS, Product Development, eBusiness, Web, and Women in Project Management
 - Reduced cost at monthly chapter meetings, and professional development workshops
 - **Free Member-only Events** like quarterly career workshops, and virtual job board etc.
- **Networking** opportunities with like minded professional
- **Volunteer Opportunities**
 - **Learn and Apply New Skills** by joining one or more of several chapter teams that can expand your skillset by exposing you to new horizons or, give back to the community by leveraging your current knowledge through project or program management, PMO, presenting, or mentoring
 - **Leadership Development** through professional development workshops and volunteer leadership development program, develop and hone leadership skills that will help set you apart in the profession
 - **Recognition** is one of several things you gain as a volunteer giving back to the profession. PMI Phoenix Chapter Volunteer of the Year, Volunteer of the Month, President's Circle recognition awards have helped our volunteers be successful by giving an opportunity for visibility through recognition.
